## 1 Summary

Each hour, I collect the top fifty trending videos for each of the categories that YouTube publishes trend lists for via the YouTube Data API. These categories include Autos & Vehicles, Comedy, Education, Entertainment, Film & Animation, Gaming, Howto & Style, Music, News & Politics, People & Blogs, Pets & Animals, Science & Technology, and Sports. For each category, I report the videos during the week that trended at #1 at the time of collection, the channel the videos came from, and the number of hours they spent at #1 on the trending list, and the number of views they had when they appeared on the trending list<sup>1</sup>.

Below are the videos that trended at #1 in each of their respective categories. I report for each category the videos that trended, the channel they were from, the number of hours they spent at #1, and the number of views at the last hour it trended at #1.
